

Hampstead Awards Two Scholarships

Mayor Christopher Nevin proudly awarded two High School students with \$1,000 scholarships at the June Council Meeting. Seniors Megan Cronhardt and Jeffrey Phipps, Jr. were presented with scholarship certificates and \$1,000 towards tuition.

The purpose of the Town of Hampstead Scholarship Program is to recognize students who have demonstrated and maintained academic excellence at the high school level to provide needed financial support for students who are pursuing a higher education and to reward students who have been active in the Hampstead community.

The selection criteria for these awards are based on financial need, demonstration of a commitment to the community, faculty letters of recommendation and maintaining above average grades throughout their high school careers.
